CAREER OBJECTIVE

Motivated Software Engineering graduate with strong problem-solving skills and a passion for developing efficient software solutions. With hands-on experience through academic projects and internships, has a strong foundation in software development practices and a passion for learning new technologies. Looking for an entry-level opportunity to apply my skills, contribute to innovative projects, and grow as a software professional.

EDUCATION

2022 - 2026	B Tech Computer Science at Bharathidasan University, Trichy	(CGPA: 7.3/10)
2021 - 2022	Class 12th at Kendriya Vidyalaya, Virudhunagar	(Percent: 74/100)
2019 - 2020	Class 10th at Kendriya Vidyalaya, Virudhunagar	(Percent: 60/100)

PROJECT

Smart Drone Battery Prediction Using Machine Learning

Developed a smart drone battery prediction system to estimate battery performance and flight capability using real-time telemetry data. Integrated drone simulation data with a machine learning model and created a dashboard to monitor battery status and prediction results for improved flight safety.

Tech Stack: Python, Flask, Scikit-Learn, HTML, CSS, JavaScript, REST API, ArduPilot SITL

Personal Portfolio Website

Designed and built a responsive portfolio application to highlight projects, skills, and professional profile. Implemented reusable components, responsive layouts, and optimized the user interface for better accessibility and performance.

Tech Stack: React.js, JavaScript, HTML, Tailwind CSS

SKILLS

Technical Skills	Python, JavaScript, React.js, HTML5, Tailwind CSS, SQL, Flask, REST API
Tools & Platforms	Git, GitHub, VS Code
Soft Skills	Problem Solving, Communication, Adaptability, Time Management

CERTIFICATIONS

TCS iON NQT

- Completed the National Qualifier Test and secured 75% score.
- Assessed skills in problem-solving, cognitive ability, and professional readiness.

Python Programming Internship - Pantech E-Learning

- Completed a 1-month internship focused on Python programming concepts and practical applications.
- Gained hands-on experience in programming fundamentals, logical implementation, and developing Python-based solutions.

Web Development Course - Infotact Solutions

- Completed web development training and secured 74% score.
- Gained practical knowledge of building web applications and implementing front-end development concepts.

Web Development Certification - Corizo

- Currently pursuing a 3-month course focused on web development concepts, practical implementation, and building web-based applications.
- Learning responsive web design practices and applying modern web development techniques through practical projects.
